Muhammad Aabid Asaduddin
Junior Front-End Developer

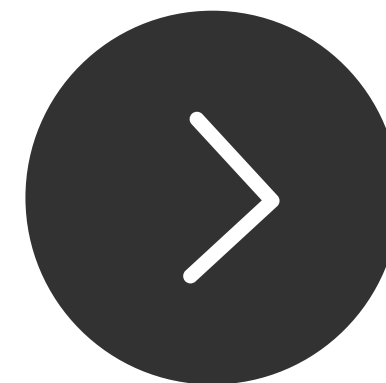

About Me

Hi, I'm Aabid, a Media Production student at Universitas Indonesia. I focus on UI/UX and front-end development, and I'm gradually exploring Web3, combining design with functional user experiences. Experienced in events and digital content collaboration.

Human Computer Interaction & Creative Tech Project

Portofolio Website

Muhammad Aabid A.

Junior Front End Developer

Learning Web2 development with a graphic design background. Exploring UI/UX while building basic coding skills. Curious about Web3 and where tech is heading.

Skills

Adobe Illustrator (beginner)

Figma (menengah)

HTML (beginner)

CSS (beginner)

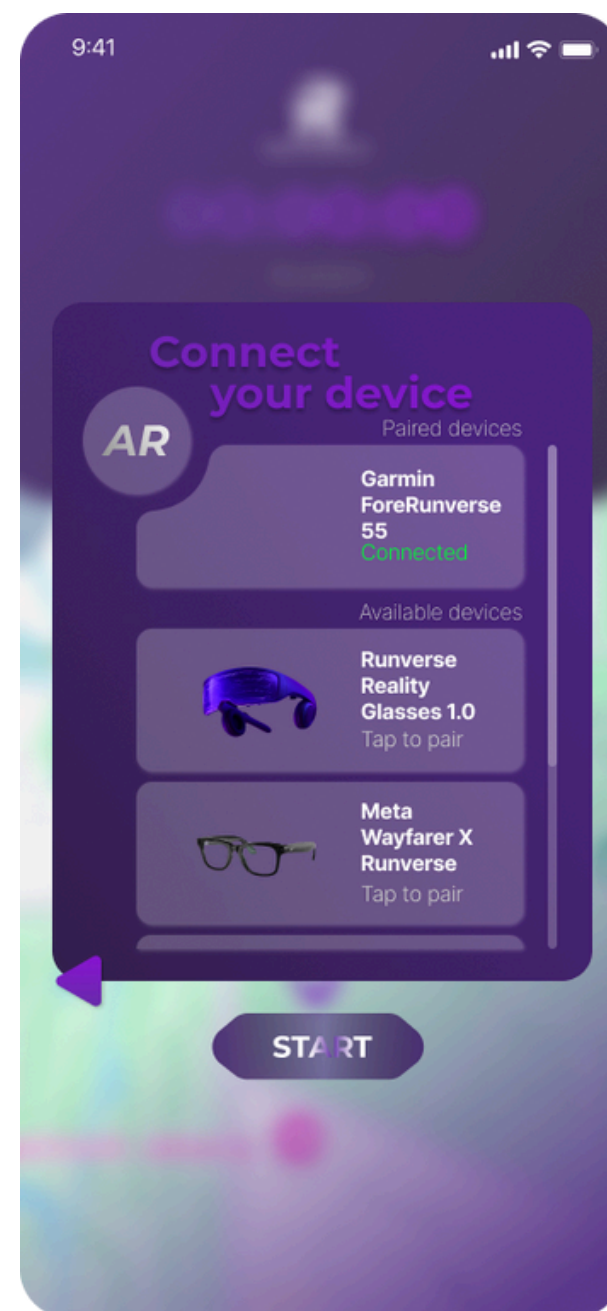

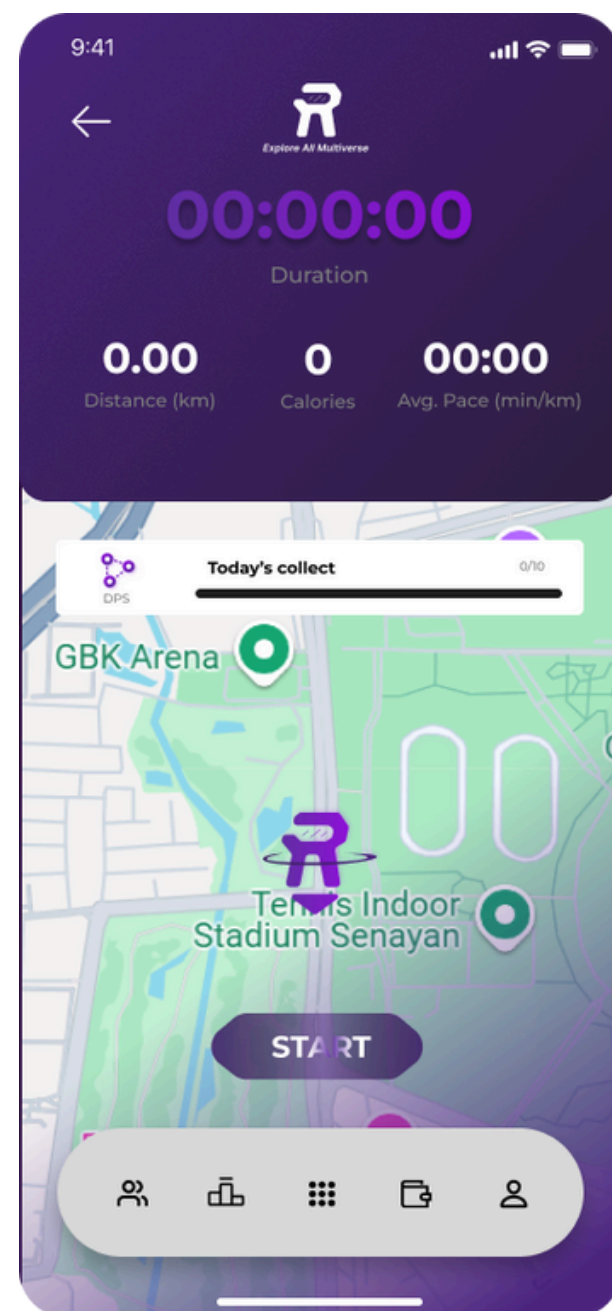

Click the link below

<https://zyldrim.github.io/Portofolio-Website-Aabid/>

This website showcases my UI, UX, and illustration projects from university. It's fully responsive and interactive, featuring clickable projects and contact buttons for Instagram, LinkedIn, GitHub, and email. Built with HTML for markup, Tailwind CSS for styling, JavaScript for interactivity, and Font Awesome for icons.

Conceptual App Project

Runverse Running App

As a Brand, UI/UX, Visual, and Motion Graphics Designer

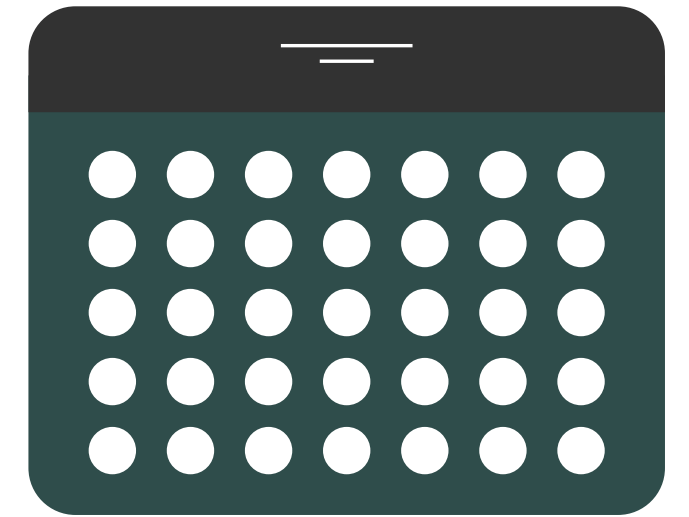

Designed the logo, visual identity, and UI/UX concept for Runverse, including user flows and key features. Created motion graphics for promotional videos and served as the video editor.

Conceptual App Project

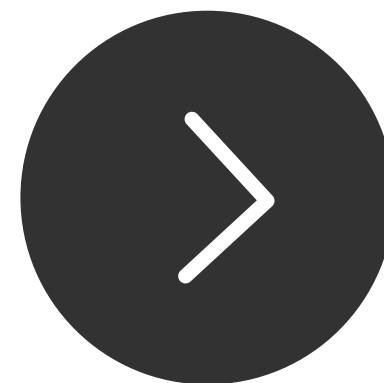

MyShelf Productivity App as Visual & UI designer

Designed the app's visual interface for MyShelf, including UI elements, graphics, and layouts to create an engaging user experience.

Film & Music Video Project

maybe this is what peace looks like.

Taken & Colored by Muhammad Aabid Asaduddin

Film Project

Humanizing the Unhumanized as Researcher & Poster Designer

Responsible for researching people for mental health issues to support the documentary's perspective and designing the main poster to reflect the story's theme and emotions for promotional purposes.

Music Video Project

LEVIA

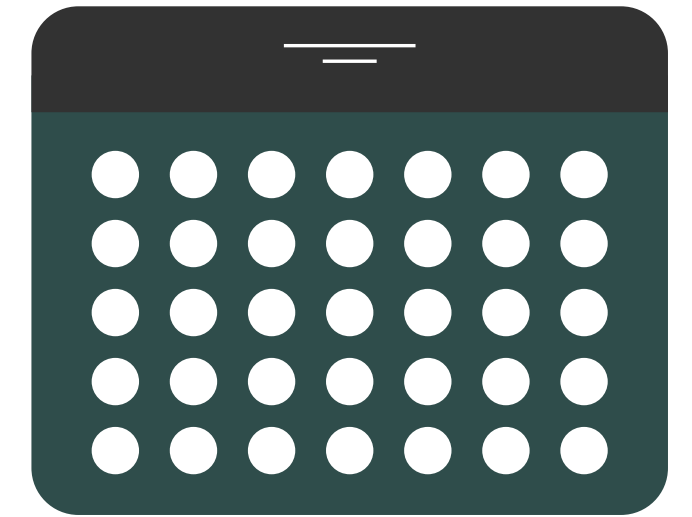

as Camera Person, Editor, Photo Editor

Involved in music video production by filming, editing footage into a visual narrative, and retouching photos for promotional and documentary materials.

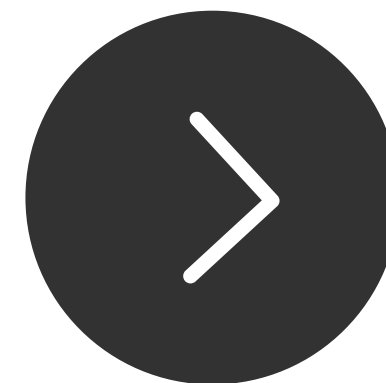

Taken & Colored by Muhammad Aabid Asaduddin

Graphic Design & illustration Project

Feeds Design

Himprodia UI
as DKV Bureau Staff

Created visual designs for the Sports Department, including posters and social media content.

Cover Book Illustration

Momentum in Autumn as Illustrator

Designed a book cover with an autumn theme in Adobe Illustrator, featuring drifting leaves, an overcast sky, and a sun behind clouds to evoke a calm and serene atmosphere.
